

Chinese 1 Learning Objectives and Homework for the week of Mar 23-27

Monday, Mar 23

Learning Objectives: (Please write the following on your Chinese Learning Log Booklet)

1. I know the learning objectives of Lessons 1-5.
2. I know the grammar points of Lessons 1-5.

Homework: (No writing needed)

1. Print out the Lessons 1-5 learning objective and grammar file and post them somewhere in your bedroom or anywhere in your house that you can easily see daily.
(Note: When printing out the PPT file, please specify to print 6 slides on a page. Print out the PPT file is better. If you can't specify the number of slides to print out on a page, you can print out the PDF file. However, the PDF is not as clear as the PPT file.)
2. Take a selfie with the posters. Then, print the selfie and paste it on the space of Class Note of your Mar 23 learning log.
3. Read all the learning objectives and the grammar points from lessons 1-5.

Class Note: (Use this space to paste a picture of your selfie with the posters of Lessons 1-5.)
